GLOBAL PERSPECTIVES ON LEGAL HISTORY

Max Planck Institute for European Legal History

Derecho indiano, Spanish colonial law, has been a vigorous subdiscipline of legal history since the early twentieth century. In 1997, Argentinian legal historian Víctor Tau Anzoátegui published his *Nuevos horizontes en el estudio histórico del derecho indiano* in which he draws attention to some perspectives on the *derecho indiano* that hitherto had received hardly any attention. Since his remarks, 20 years have passed. What has been achieved since then? What are the challenges today? In this volume, scholars from different parts of the Western World approach Spanish colonial law and give answers to some of the current challenges.
