GLOBAL PERSPECTIVES ON LEGAL HISTORY

Max Planck Institute for European Legal History

The numerous editions and early translations produced throughout the eighteenth century enabled the broad dissemination of Emer de Vattel's juridical-political work *Droit des gens*. This book investigates the global impact of the *Droit des gens* with regard to the different political realities, the historical and legal contexts as well as the attempts, mechanisms and strategies used to put these ideas into practice and establish new doctrine between the eighteenth and nineteenth centuries.

Global Perspectives on Legal History is a book series edited and published by the Max Planck Institute for European Legal History, Frankfurt am Main, Germany. It includes monographs, editions of sources, and collaborative works. All titles in the series are available both as premium print-on-demand and in the open-access format.
